Fire Administration, National Fire Data Center, 1990 OCLC Number: (OCoLC)76802795 Subject: Old age homes -- Fires and fire prevention -- Virginia -- Roanoke. Excerpt: . . . USFA-TR-038 December 1989 5 Examination of a few of the units revealed that some occupants are literally packing their residences with furniture and belongings, and are utilizing multigang electrical adapters for numerous electrical appliances. While authority is not granted to the county to enter and inspect living units, this does not prevent building management from inspecting these areas. FIRE PROTECTION The building is equipped with an 8-inch standpipe system connected to the city water main, with hose outlets located in cabinets at each end of the main corridor and the elevator core area. Two-and-one-half inch outlets for fire department use are provided in each stairwell. The trash chute and the trash collection room on the first floor are sprinklered. The building is equipped with an automatic fire alarm system with pull stations located near stairwell doors on each floor. Smoke detection for hallways is also connected to this...
