Buy a House in a Declining Price Market: How to Avoid Getting Scalped

By Maurice Dubois

Universal Self Help Publishing Company, Incorporated, United States, 2012. Paperback. Book Condition: New. 235 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.A highly experienced real estate broker/investor/builder reveals proven methods for getting a steal - or at least a great deal - in the current real estate market. Buying a home is something too many people take lightly because it's easy to buy with low interest rates and easy down payment loans. It is easy to buy a house, but real estate lacks liquidity, and it is much harder to sell a house than to buy one. Too many buyers don't realize that they are getting scalped by a home selling system that is complicated and little-understood by the general public, and especially by novice buyers. The book covers why things are different now than in the past; we have a new paradigm. It teaches you how to avoid getting scalped by learning to understand the market and pinpoint the best area, based on a number of important factors unique to you and your family, to make your purchase. Most buyers are familiar with inflation because it's been with them all...
