PREFACE: No apology is necessary, I assume, in presenting to the reading public a book on the secondary schools of Germany. For many years American educators have drawn professional inspiration from German sources, and more recently it has become apparent that German ideas are taking root in British soil. The history, organization and methods of the German elementary schools are generally well understood. We have grown familiar with the German universities and have profited not a little from the relationship. But very little has been written in English on the secondary education which is the foundation of the German university training and the basis of all professional service in the Fatherland. Yet it is precisely in this sphere that German education can be studied to great advantage, and from it we have most to learn. The Regents of the University of the State of New York, at Convocation in July, 1893, appointed me their European Commissioner, and shortly afterwards I...
