Next Century Publishing, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. Everything you think you know about success is wrong. Set Goals. Work Hard. Be Persistent. It s the typical success advice you can probably repeat in your sleep. The type of advice that doesn t seem to work for you - or anyone you know, for that matter. You work your butt off, but at the end of the day, you re no closer to success than you were yesterday. The ugly truth is that it s not what you re doing that is holding you back. It s who you are. It s the baggage between your ears that keeps you from achieving your dreams and goals. That s why we have to change the dialogue about success. It s why we need to have an EDGY conversation. An EDGY conversation is a gut-wrenchingly honest, no-holds-barred discussion about confronting and fixing the beliefs and behaviors that limit your ability to be amazing. It tackles head-on the uncomfortable yet powerful truth that pain, fear and love - yes, love - have a huge impact on success. EDGY is how ordinary people become extraordinary. EDGY is how a master chef, a World War II veteran, a 15-year-old girl, a homeless retired paramedic, an Australian potato farmer and a shoe executive became amazing, did the unthinkable and forever changed their corner of the world. And EDGY is how you can achieve outrageous success, regardless of who or where you are in life right now. You don t need another book on success. You just need to be more EDGY. Let s talk about it.
