SPECIAL PRICE FOR A LIMITED TIME !!!STOP PRESS!!! AUTHOR NOTE I write this text as a certified scrum master with experience in international blue chip companies dating back to 1999. That experience includes leading projects for the BBC, General Electric, Oracle, BSKyB, HIT Entertainment (responsible for Angelina Ballerina, Bob the builder and other titles that you love watching with your kids or siblings but won t admit to) and Razorfish. These roles have all involved leadership on a wealth of mobile, internet TV and web software projects. I have played the role of scrum master and in the earlier years, of team lead and technical lead. I have had the privilege of running projects and rolling out working practices in market leading organisations from start to finish. Scrum is a simple framework for managing even the most complex projects, In this book you have all the tools you need to start implementing it in your team or business.
