## UNCHARITABLE: HOW RESTRAINTS ON NONPROFITS UNDERMINE THEIR POTENTIAL

[DOWNLOAD](#)

University Press of New England. Paperback. Book Condition: new. BRAND NEW, Uncharitable: How Restraints on Nonprofits Undermine Their Potential, Dan Pallotta, Uncharitable goes where no other book on the nonprofit sector has dared to tread. Where other texts suggest ways to optimize performance inside the existing paradigm, Uncharitable suggests that the paradigm itself is the problem and calls into question our fundamental canons about charity. Author Dan Pallotta argues that society's nonprofit ethic acts as a strict regulatory mechanism on the natural economic law. It creates an economic apartheid that denies the nonprofit sector critical tools and permissions that the for-profit sector is allowed to use without restraint (e.g., no risk-reward incentives, no profit, counterproductive limits on compensation, and moral objections to the use of donated dollars for anything other than program expenditures). These double-standards place the nonprofit sector at extreme disadvantage to the for profit sector on every level. While the for profit sector is permitted to use all the tools of capitalism to advance the sale of consumer goods, the nonprofit sector is prohibited from using any of them to fight hunger or disease. Capitalism is blamed for creating the inequities in our society, but charity is prohibited from using the tools of capitalism to rectify them. Ironically, this is all done in the name of charity, but it is a charity whose principal benefit flows to the for-profit sector and one that denies the nonprofit sector the tools and incentives that have built virtually everything of value in society. The very ethic we have cherished as the hallmark of our compassion is in fact what undermines it. This irrational system, Pallotta explains, has its roots in 400-year-old Puritan ethics that banished self-interest from the realm of charity. The ideology is policed today by watchdog agencies and the...
