DISCOURSE, IDENTITY, AND CHINA S INTERNAL MIGRATION: THE LONG MARCH TO THE CITY (PAPERBACK)

DOWNLOAD

Channel View Publications Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. Rural-urban migration has been going on in China since the early 1980s, resulting in complicated sociolinguistic environments. Migrant workers are the backbone of China s fast growing economy, and yet little is known about their and their children s identities - who they are, who they think they are, and who they are becoming. The study of their linguistic practice can reveal a lot about their identity construction as well as about transitions in Chinese society and the (re)formation of social structure at the macro level. In this book, Dong Jie presents a wide range of ethnographic data which are organised around a scalar framework. She argues that three scales - linguistic communication, metapragmatic discourse, and public discourse - interact in complex and multiple ways.
