Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.IMAGINE What A Mind Can Create explains how ones thoughts create what we experience in our lives. It provides answers to the Eternal Questions: Why am I here? How did I get here? What is my purpose in life? Metaphysics concepts are the foundation of the book. Metaphysics is a philosophy of life, not a religion. Metaphysics deals with that which is in and beyond physics: the creation of the universe, the origin of life, evolution of life, and beyond. Science and Metaphysics are converging in the Twenty-First Century. This book discusses the convergence and how we can improve our lives through metaphysical concepts. The Universe was created and exists through Creative Consciousness. This Consciousness is in everything in the Universe. Human life on Earth and Self-Aware life throughout the Universe are connected directly to Creative Consciousness. Answers to the eternal questions are realized when: Life consciousness is open to Accepting of and Acting on The wisdom that flows throughout the Universe. The first part of the book is based upon scientific knowledge. It explains the origin of everything in the universe with emphasis on creation, existence and evolution of life. The second part, enlightens understanding of the scientific knowledge. Metaphysical concepts are further explained and are examined with daily life experiences. The third part provides practical exercises to help develop positive thinking and the manifestation of Love and Prosperity in ones life. The book uniquely weaves metaphysical concepts into practical, daily life activities. Anyone practicing the simple applications with an awareness of their connection with Creative Consciousness will enjoy a more complete life experience.
