

Journey Into Beatledom: The Beatles as Prophets, Peaceniks Holy Writ (Paperback)

Filesize: 3 MB

Reviews

*Merely no phrases to spell out. I actually have read through and i am certain that i will gonna study once again again later on. You wont truly feel monotony at at any time of your time (that's what catalogues are for about should you check with me).
(Jaiden Konopelski)*

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As featured in the TOP 5 Beatles books on Amazon TOP 2 Music books, this updated edition includes lots of brand new information on The Fab Four s musical, cultural, spiritual political influence including surprising but relevant references to how their messages of peace and love are playing out in the 21st Century and how the mega-profits from their song/album sales financed major developments in cutting edge CT/nano-technologies with profound effects. When Turner prize winner Jeremy Deller recently said Brian Epstein died for you , he simply was reaffirming The Beatle manager s worshipful devotion to Liverpool s most famous sons; a guarantee that the world would somehow come to see the Fab Four as the zero and the one. A place where something from nothing was possible and where in Beatledom, (that sacred realm), the quantum quartet their super-positional Fabulosity made the 1960 s fizzle in a way the humdrum 1950 s never could. The Beatles surely came from that quantum void , a place we all occasionally intuit, a place we can all revisit whenever we get the chance. - Leo Copstereles. Mid-Summers Day 2017. Reader review: (brand new, updated edition): The author s admiration for the Fab Four is clear from the outset, although that does not deter him from putting the Beatles under a forensic microscope. The birth of the group is rightly set against the changing social political landscape of post-war 1960 s Britain, helping to give an understanding of just how ground-breaking the Beatles were. The book is extremely well-researched the language used - rich and image-laden throughout - is sumptuous, capturing something of how the Beatles took popular music beyond the cliched comfortably familiar. Quote:...
