Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).

UNDERSTANDING LOSS: A GUIDE FOR CARING FOR THOSE FACING ADVERSITY (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Loss and consequent grief permeates nearly every life changing event, from death to health concerns to dislocation to relationship breakdown to betrayal to natural disaster to faith issues. Yet, while we know about particular events of loss independently, we know very little about a psychology of loss that draws many adversities together. This universal experience of loss as a concept in its own right sheds light on so much of the work we do in the care of others. This book develops a new overarching framework to understand loss and grief, taking into account both pathological and wellbeing approaches to the subject. Drawing on international and cross-disciplinary research, Judith Murray highlights nine common themes of loss, helping us to understand how it is experienced. These themes are then used to develop a practice framework for structuring assessment and intervention systematically. Throughout the book, this generic approach is highlighted through discussing its use in different loss events such as bereavement, trauma, chronic illness and with children or older people. Having been used in areas as diverse as child protection, palliative care and refugee care, the framework can be tailored to a range of needs and levels of care. Caring for people experiencing loss is an integral part of the work of helping professions, whether it is explicitly part of their work such as in counselling, or implicit as in social work, nursing, teaching, medicine and community work. This text is an important guide for anyone working in these areas.
