

## Pharmacy and the US Health Care System (Paperback)

By -

Pharmaceutical Press, United Kingdom, 2013. Paperback. Condition: New. 4th Revised edition. Language: English . Brand New Book. Pharmacy and the US Health Care System equips pharmacists for independent practice in today s unpredictable health care environment. This fourth edition offers a complete source of current information about the features of the US health care system including the personnel and institutions, as well as concise reports on trends, regulations, policy and finances. Written and edited by a well-respected team of experts, this new edition has been fully revised and updated and now features new chapters including: patient safety and pharmacovigilance; professionalism and ethics. The inclusion of case studies, sample test questions and learning objectives makes this an invaluable tool for students. Whether it is a course offering an introduction to the health care environment, or about managing and finance in the US health care delivery system, this is an essential textbook. It is also a helpful reference for practicing pharmacists and pharmacy organizations and societies.

### Reviews

*The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Mrs. Josiane Collins

*An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).*

-- Nannie Lindgren Jr.
