By Paschal Baute Ed D

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. TRUMPISM is the emerging nationalist and authoritarian movement consisting of an invincible emotional bond of Mr. Trump with his followers. The bond evokes fear, anger, distrust, suspicion. It is empowered by a rhetoric evoking grievance against all politicians and the media. It uses slogans to arouse anger and negative feelings; it is not hindered by facts or critical thinking. Winning by whatever means possible, even by bullying and serial lying, is the primary objective. Adulation of the leader excuses his tactics. Dr. Baute, retired psychologist, distinguishes components contributing to this fascist movement. Two Companion volumes: Stress, 2016 and Managing. Each contains seven chapters. These include understanding implicit bias, machismo masculinity, and six chapters to help learn reframing. This is a book written for everyone in our country to help understand what is happening in this presidential election of 2016.
