In *The Longcrofts: 500 Years of a British Family* James Phillips-Evans, a genealogist who is himself a descendant of the eponymous family, charts the history of the Longcroft family. It spans half a millennium and begins with a humble Wiltshire farmer, Simon Longcraft, who lived in Wilsford in the Vale of Pewsey during the reigns of the Tudor monarchs in the early-to-mid 16th century. Through 13 chapters covering almost 400 pages, including 10 detailed family trees and 109 black and white illustrations, the book traces Simons descendants into modern times, including many people alive today in the second decade of the 21st century. Notable members of the family in the direct male line include the aviation pioneer, WWI veteran and squire of Plas Llanina Air Vice-Marshal Sir Charles Alexander Holcombe Longcroft, who was one of the founders of RAF Cranwell; Johann Zoffanys assistant-cum-pupil Thomas Longcroft, who became an artist and indigo planter in the early days of British India; and Cecil James Longcroft, who became a prominent figure in the City of London as chairman of the Sassoon mercantile and banking firm. In addition, the marriages of female members of the family into other notable families, and not-so-notable families, have produced various interesting individuals who possess Longcroft ancestry, including the grizzly...
