Createspace Independent Publishing Platform, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From Abaisophilia to Zukiner, this tome describes, in sordid, candid, and perhaps far-too-much detail, varying degrees of human interaction, from the mundane to the perverse to the fantastic. With over 600 definitions with correct pronunciations and varying degrees of etymological background, no true student of the human animal should find themselves without a copy. This thirty-first edition of the Dictionary builds upon the work of scholars past, whilst laying the groundwork for future collaborators. Taken as a whole, The Politically Incorrect Dictionary of Adult Curiosities is a momentous achievement considering how many cool movies and video games came out this year, and that doesn't even factor in how our neighbor, age indeterminate, undresses with the windows open, not a care in the world.
