THE COS ROUNDTABLE ON MERGERS AND ACQUISITIONS: A MEETING OF PERSPECTIVES (CLASSIC REPRINT)

Brand New Book ***** Print on Demand *****.Excerpt from The Cos Roundtable on Mergers and Acquisitions: A Meeting of Perspectives This paper reviews a two-day roundtable discussion by consultants, managers, and academics of organizational and cultural issues in mergers and acquisitions. The discussion underscored the degree to which even very experienced individuals find it impossible to treat these phenomena holistically. Individuals reflected consistent biases toward particular levels of analysis and time frames. This bias may help to explain why, in spite of a rapidly-growing body of research and articles, there seems to be a lingering feeling from all sides that mergers and acquisitions are neither well-described nor understood. In examining what participants emphasized, it became apparent that there is a lack of systematic data and knowledge about the micro-processes that occur before and during the formal merger consummation process. A review of the discussion also revealed that the vocabulary and perceptual differences between those formal-systems, macro-oriented participants and the more group or individual impact-oriented participants was so great that it was difficult for each group to benefit from the other s insights.
