New World Order Press, United States, 1995. Paperback. Book Condition: New. 208 x 137 mm. Language: English . Brand New Book. On his search for truth, the author of *Saving the Savior* was by turns a Black Panther, a Black Muslim, an Ahmadi, and finally a Baha i. A brilliant thinker and sharp observer of society, in *Afrocentric Myth*, he warns - like Malcolm X - of the shortcomings of negritude or reverse racism as a trap, a schism between progressive forces along racial lines. He notes, This book is partially motivated out of a concern that America find its destiny. A great diversity of the American family has been assembled in this vast country, though some of us not of our own choosing, to play out the last chapter of a great, cosmic drama. Can we turn the page?.
