

General Anatomy and Osteology of Head and Neck

By Mahdi Hasan, Prashant Pratap

I.K. International Publishing House Pvt. Ltd., 2009. Paperback. Book Condition: New. 15cm x 23cm. This ready reckoner for students of Dentistry highlights essential anatomy of head and neck with emphasis on clinical application. The neNe supply of all the muscles of head and neck has been condensed in one page with pneumatic aids for remembering the basis. Osteology which is essential for a deep insight into the fundamental gross anatomy, has received special attention. The tables embody large bodies of essential information in a compact form. For identification of histology slides the help of tables seemed logical. In many ways, this book should prove useful for undergraduates in medicine and surgery too. More so, it should also attract aspirants for success in PGME.
