Where The Great River Rises: An Atlas Of The Connecticut River Watershed In Vermont And New Hampshire.

By Brown, Rebecca A. (editor).

Dartmouth College Press, Hanover, 2009. Softcover. Condition: New. First Edition.. 320 pages. Softcover. New book. RIVERS. "Everything you ever wanted to know about the Connecticut River—and then some! From ancient geology, through natural and human history, to current trends and projections for the future, this atlas covers it all. An invaluable companion for any lover of this priceless (and underappreciated) resource flowing right through our midst." —Willem Lange, writer, television host, storyteller A lavishly illustrated, comprehensive, interdisciplinary study of the natural and human elements that comprise the Upper Connecticut River watershed Rebecca A. Brown has compiled a remarkable compendium of authoritative essays on the Connecticut River, touching on everything from its physical landscape and natural environment, to the human history, and culture that has grown up around it. This indispensable volume is the product of a remarkable partnership and years of collaboration between the Connecticut River Joint Commissions, Dartmouth College, and Northern Cartographic. Dozens of scholars, scientists, and other experts—all recognized as top authorities in their respective fields—were commissioned to prepare contributions related to their areas of expertise. This atlas underscores connectivity. Just as natural communities are integrated systems, so, too, are the communities of their human counterparts. The inherent...

Reviews

Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
