MIXED LIGAND COMPLEXES OF 1,1-DITHIOLATES AND NITROGEN DONORS

Mixed Ligand Complexes of
1,1-Dithiolates and Nitrogen
Donors

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | MIXED LIGAND COMPLEXES OF 1,1-DITHIOLATES: Transition metal complexes of 1,1-dicyanoethylene-2,2-dithiolate/1-cyano-1-carboethoxyethylene-2,2-dithiolate have received considerable attention of coordination chemistry since long because of their relative ease of formation of various types, binary, ternary and heterobimetallic complexes, used as analytical reagents, biocides and more recently as biochemical models and due to varied bonding and stereochemical possibilities presented by them. The literature survey presented in the introductory chapter shows that no work has been done on...
