This item is printed on demand - Print on Demand Neuware - Project Report from the year 2013 in the subject Business economics - Business Management, Corporate Governance, grade: C, University of Bedfordshire (MSc Finance & Business Management), language: English, abstract: Financial Capital is considered as the superior source of funding required by the firms to begin or to carry its operation. Different theories have been proposed over time to assist managers in making the financing decision. In this regard the Pecking Order theory is the prominent one, which urged the company to give Retained Profit as the first priority whenever the company face the situation to raise capital. Debt is the only attractive alternative which not only supports the company to start and survive but also helps it to expand its operations with the intension of challenging the leaders of the specified industry. The capability of the company to finance its working capital is the major concern which is the main endeavour of finance manager to resolve. It is a essential requirement for the company to settle the account with the supplier of the fund before entering...
