Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from England s Danger, or Reform Unmasked Where then does the danger lie? In our foreign relations; an universal and profound peace has followed a glorious and universal triumph. No nation is willing, or, if jealousy make any willing, none dare rouse England s sleeping lion. Europe reposes beneath the shield of our arms, and Britain holds a pre eminence in the earth, her bitterest slanderers would be proud of. It is Within; it is in fac tion at home, the madness of sedition, the en terprises of treason, that rests our danger. The meanest of the multitude, deluded by the artifices of the worst and most designing of men, have, by their violence, compelled the state to resort to the measures necessary for its own protection. It is in the struggle of the many against the powerful; it is in the fierce contention of these opposing parties, whose op position is founded in deception and fomented by treason, that I find cause for fear. I dread, and I confess that dread, lest reform mean revolution; lest the privileges of the people mean the degradation of the Crown. Already do the most hardy, boldly avow, that a revolution is necessary. The leaders. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
