Schiffer Publishing Ltd, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. With more than 130 years of UFO activity, New Mexico has produced some of the worlds most famous and influential UFO encounters. In this first book to present the complete history of extraterrestrial encounters in the Land of Enchantment, read about the Farmington UFO wave, the landing at Socorro, new developments concerning the Roswell crash, and the governments struggle to deal with an unknown presence hovering over sensitive atomic installations and military bases. Sightings, landings, UFO car chases, face-to-face encounters, abductions, and UFO crashes (of which New Mexico has had more than any other state) are featured along with encounters documented by the military (including Project Bluebook). Other uniquely New Mexican mysteries such as cattle mutilations and the phenomenon known as the Taos Hum are explored in depth. Eyewitness testimony and startling photographs will leave you wondering about the skies over New Mexico and the strange things that frequent them.
