Skyhorse Publishing, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. From election loser, to bearded recluse, to dynamic Oscar, Emmy, and Nobel Prize winner: Al Gore has come a long way since 2000, and he has chronicled his up-and-down post-Washington journey in books, editorials, speeches, and interviews. In *The World According to Gore*, Bill Katovsky collects the best of the former vice president's writings and sayings, and gives us a picture of the new Al Gore that is more revealing and up-to-date than any other. Gore speaks out--on the environment, that election, the Bush presidency, and the next election. *The World According to Gore* shows that Gore is still our foremost prophet on the climate crisis, technology, and the war on terror, and more, and that he will have a major impact the 2008 presidential election--whether he decides to run or not.
