Brand New Book ***** Print on Demand *****.Anybody who has suffered from hair loss will know how much of a negative effect this can have on your confidence. While there are many treatments out there that claim to treat hair loss, many of these are without scientific backing and finding a genuine solution to the problem can be both expensive and frustrating. Ben Craddock has spent the past ten years researching the topic, inspired by his own experience of hair loss. Here he discusses the causes of different types of hair loss and walks you through some of the ways in which it can be treated, so you can not only halt the process but in many cases actually regrow lost hair.
