Written for all teachers as well as administrators, this resource covers strategies for nine essential components of effective reading instruction: phonemic awareness, phonics, spelling, fluency, developing a reading culture, providing opportunities to read, writing, word knowledge, and comprehension. This second edition features: - The most up-to-date research in reading instruction - Effective instructional practices and strategies - Brief vignettes and graphic organizers that illustrate and summarize key concepts - A comprehensive case study of one district s remarkable success This resource reveals precisely how educators in successful schools are teaching students to read-and how all educators can achieve the same results in their schools!.
