

The Chan s Great Continent: China in Western Minds (Paperback)

Filesize: 8.69 MB

Reviews

*Complete guide! Its such a good go through. It is rally fascinating throgh reading period of time. Its been written in an extremely basic way and is particularly only after i finished reading through this publication through which really changed me, change the way i really believe.
(Mrs. Macy Stehr)*

THE CHAN S GREAT CONTINENT: CHINA IN WESTERN MINDS (PAPERBACK)

WW Norton Co, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.China has transfixed the West since the earliest contacts between these civilizations. With his characteristic elegance and insight, Jonathan Spence explores how the West has understood China over seven centuries. Ranging from Marco Polo s own depiction of China and the mighty Khan, Kublai, in the 1270s to the China sightings of three twentieth-century writers of acknowledged genius-Kafka, Borges, and Calvino-Spence conveys Western thought on China through a remarkable array of expression. Peopling Spence s account are Iberian adventurers, Enlightenment thinkers, spinners of the dreamy cult of Chinoiserie, and American observers such as Bret Harte, Mark Twain, Ezra Pound, and Eugene O Neill. Taken together, these China sightings tell us as much about the self-image of the West as about China. Wonderful. . . . Spence brilliantly demonstrates [how] generation after generation of Westerners [have] asked themselves, What is it . . . that held this astonishing, diverse, and immensely populous land together? -- New York Times Book Review.
