BIOPHYSICAL CHEMISTRY

Royal Society of Chemistry. Paperback. Book Condition: New. Paperback. 244 pages. Dimensions: 9.5in. x 7.4in. x 0.6in. This fully revised and expanded second edition of a highly popular book covers the physical chemistry of biological macromolecules and how to study it using up-to-date experimental techniques. The approach used in the book is experimental because this is the way science actually works, and in addition the subject does not yet have the rigorous theoretical understanding sometimes found in more mature areas of...
