American Indian and Alaska Natives are no exception, but finding a college that offers a good educational program in their major plus a strong support system for tribal traditions makes that decision even more complex. This volume will help Native people clarify their postsecondary aspirations, improve their college choice, and increase their success in college. After a thorough examination of the issues that should be considered, Pavel and Inglebret present the different types of colleges available, programs and services to meet the special needs of Native students, and financial aid options. By answering many of the basic questions students have about going to college, Pavel and Inglebret help to demystify the process and encourage more Native students to pursue a college education. Special features include: -A list of colleges with Native American studies, and those most friendly to Native Americans needs -A list of sources for financial aid, with contact information -Interviews with Native American students on all aspects of their college experiences -Suggestions for students on how to balance their new college experiences with their community and heritage.
