In reality, these energies—also known as Reiki, Chi, Kundalini, Serpentine Power, or Shakti—saturate the universe. By unleashing and harnessing this energy, it is possible for one to attain powerful and lasting effects in health, prosperity, and attunement with God. Martin Deane, a Christian who has always had an innate, spiritual connection to Hinduism, presents a path toward understanding the universe, mind, and body through the practices and beliefs of Shakti. By combining useful information with his personal stories and testaments, Deane comprehensively explains the many aspects of Shakti and highlights its numerous benefits that will help others: develop hidden abilities; gain control over desires; create a better understanding about the world; sleep better; control stress and diseases; receive divine messages; gain insights into personal affairs; understand prophetic dreams. *Unleashing the Bodily Energies for Health and Success* shares valuable information and compassionate guidance that will help anyone interested in awakening and channeling their divine energy.
