He consulted on the period 1970s furniture and interiors for the movie The Ice Storm. For those in the know he is an absolute design guru. There are few people with a firmer understanding of the last 75 years of furniture, interior, graphic, and industrial design, architecture, and where they all meet in popular culture. Until now, unless you were fortunate enough to personally know Jim Walrod, you likely didn t know all the amazing facts about those subjects swimming around in his head. Ask his friends after even the most casual conversation with him and they ll shake their head in amazement and say, I knew Jim knew! Jim has three passions: self-discovery at his own pace; keen attuning to the offbeat; and compulsive peripatetic activity wherever he is in the world. Through decades of this special combination he has picked up a diverse and quirky array of historical facts that have simply been forgotten by many, if they ever knew them to begin with! Jim has an uncanny knack for pulling out of thin air during mid-conversation one arcane reference after another, such as who the model was for a famous Rolling Stones album cover, a strange book written by Charles Mingus, Liberace s early career, and what Frank Lloyd Wright admitted to later in life. Let I Knew Jim Knew be a fascinating tour inside Jim s head with the only problem being that we couldn t possibly get to it all!.
