Equity Derivatives Explained

By Mohamed Bouzoubaa

Palgrave Macmillan. Paperback. Book Condition: new. BRAND NEW, Equity Derivatives Explained, Mohamed Bouzoubaa, Equity Derivatives Explained is a clear, concise and down-to-earth guide to the equity derivatives business, written for traders and other finance professionals. Designed to bridge the gap between theory and practice by taking a risk centric approach, it focuses on the fundamentals of why equity derivatives exist, the various strategies deployed and the aspects that are most important to the relevant participants. Avoiding the typical long and complex theoretical and mathematical approaches, in favor of a direct, simple and intuitive approach, this introductory text offers an applied, practical and realistic approach to understanding equity derivatives. This book provides succinct but thorough coverage of the essentials of equity derivatives. It starts with an introduction on stock markets' fundamentals before opening the gate on the world of structured products. Delta-one products and options are covered in detail, providing readers with deep understanding of the use of equity derivatives strategies. Equity Derivatives Explained contains most of the traded payoffs and structures and covers all practical aspects of pricing and hedging. For each product, payoffs are accompanied by graphs, scenario analysis and real-life examples. The treatment of risks is performed in...
