

Guitar Apophenia: The Easy Guitar Visualization Process (Paperback)

By Ric Criste

Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. To study this book, you will only need a basic knowledge of chords and scales. The methodology of study in this book is to help teach the aspiring guitarist in a manner that is much faster than traditional methods. The main purpose of this course of study is to save time. You will be shaving time off of what is traditionally a very time consuming process. Apophenia is making sense of seemingly random data and applying a quickly recognizable pattern to random things. The task of learning all of the notes on the fret board becomes a fifteen second exercise and applying this concept to chord tones, and chords, works amazingly well. The circle of fifths and the modes are explained in an easy to understand format. By using the methods in this book you will learn the notes up and down the neck, and chords that are usable all over the neck. Additionally, you will increase your improvisational skills with your new knowledge of the neck. Applying the methods in this book to your study, the speed at which you...
