 Lime re ections, it has hitherto been deemed a crime t! Think, and a still greater crime to speak our thought after lthey have been conceived. The despotism of th universe had lwaged. War against-the power of the hu manunderstanding, and for many ages successfull; combated its efforts; but the natural energy of thi immortal property of human existencewas incapabl of being controlled bysuch extraneous and degradin; restraints. It burst the walls -of its prison, explore the earth; discovered the properties of its componen parts, analyzed their natures, and gave to them spe cific classification and arrangement. Not content wit terrestrial researches, intellect abandoned the earth; and travelled in quest of v science through the celestial regions. The heavens were explored, the stars men couhted, and the revolutions of the planets subjecta to mathematical Calculation. All nature became thu theatre of human action, and. Man in his unbounde and ardent desire attempted. To; embrace the universe Such was the nature of his powers, such their...
