

## Legal Basis of Global Tissue Banking: A Proactive Clinical Perspective

By Glyn O. Phillips

World Scientific Publishing Co Pte Ltd. Hardback. Book Condition: new. BRAND NEW, Legal Basis of Global Tissue Banking: A Proactive Clinical Perspective, Glyn O. Phillips, The banking of human tissues for clinical transplantation has grown exponentially in the past 10-15 years. Tissue banks have been set up throughout the world, initially on an ad hoc basis. More recently these have grown and in many countries have linked up with larger international companies. While standards for the procurement, processing and storage of the tissues have kept pace with the growth of the subject, this is not so with the legal considerations associated with the practice. There is no unified legal system which is internationally operated. Europe, USA, Asia, Latin America, China have been developing legal systems on an individual basis. This book describes the present state of the development of laws to control and make the banking and use of tissues legal and safe. It describes, for the first time, the current systems which are used throughout the world and points the way to setting up a harmonized global legal system.

### Reviews

*A must buy book if you need to adding benefit. I am quite late in start reading this one, but better then never. Its been designed in an exceptionally easy way in fact it is only after i finished reading this publication where in fact modified me, alter the way in my opinion.*

*-- Prof. London Gerlach*

*This sort of book is every little thing and made me searching ahead and more. Sure, it is actually play, nonetheless an amazing and interesting literature. You wont feel monotony at whenever you want of the time (that's what catalogs are for relating to in the event you ask me).*

*-- Gavin Bosco IV*
