Outrageous Waves: Global Warming and Coastal Change in Britain Through Two Thousand Years

By Basil E. Cracknell

The History Press Ltd. Hardback. Book Condition: new. BRAND NEW, Outrageous Waves: Global Warming and Coastal Change in Britain Through Two Thousand Years, Basil E. Cracknell, The great floods of 1953 in Eastern and Southern England inspired Basil Cracknell to write this book, at a time when he was finishing his thesis on changing land and sea levels in the Thames estuary. He decided to map the impact of medieval sea level rise for the whole of the coastline of Britain, and half a century (and a great deal of meticulous research and extensive travel) later, that seed has borne fruit in this ground-breaking book. Incredibly, although the disasters caused by medieval global warming and rising sea levels have been described as 'among the worst recorded in human history anywhere in the world', until now no attempt has been made to paint a complete picture of what happened at this time. A vital part of our nation's history has thus been curiously neglected - but this fascinating book closes that glaring gap. The author first reviews the physical and historical evidence for medieval global warming. There follows a detailed study of coastal change in 19 stretches of British coastline, from...
