## COMPUTER MUST BOOT MAGIC

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. This book is aimed at computer beginners and choreography. I start from the basics of the computer until the software applications and the Internet. from entry to the application. from start to completion of tasks. including a complete use of computers. (1) Computer Basics: Introduction to hardware and software knowledge to enable the reader to have a preliminary understanding of the computer. Then explain the hardware connection. so that we know how to connect all the hardware together. is how all the hardware work together. (2) assembling the computer: computer brand for the order. the goods to the future. first check the packing list and computer accessories whether you ordered the same product type. This step is very important. once problems are resolved immediately to avoid a lot of trouble. Check and correct. you can begin assembling computers and peripherals. which use multiple wires to connect computers and devices. (3) install the operating system: First. to boot CHOS set. mainly to set the password to ensure computer security. Then start installing the operating system. even after installation of the operating system to optimize the settings. (4) boot file and folder operations: since we must deal with the boot files and folders. so files and folders to master methods of operation. (5) application software operation: the most important to buy a computer application. so. then explain how to use the application software to complete various tasks. including word processing. forms processing. image processing. leisure and entertainment. (6) network management: the task is completed. you need to share with others. so we must learn to surf the Internet and send and receive e-mail. This is necessary to master the different networks...
