3D RECONSTRUCTION

Condition: New. Publisher/Verlag: AV Akademikerverlag | Real-time Volumetric Scene Reconstruction from Multiple Views | Revision with unchanged content. Our environment is more and more shaped by the influence of digital media which itself evolves at tremendous pace. A small example: 15 years ago, off-the-shelf computers were only able to cope with flat 2D graphics. Improvements in system design made it possible to process 3D scenes, leading to a powerful contribution to our everyday life. However, such scenes need to...
