

Opium Poppy Garden: The Way of a Chinese Grower (Paperback)

Filesize: 3.68 MB

Reviews

It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have ever read through during my individual life and might be the finest publication for ever.

Ronin Publishing, United States, 1993. Paperback. Condition: New. Language: English . Brand New Book. A complete guide to cultivating and harvesting the beautiful opium poppy. The opium poppy is a potent plant that has been cultivated and used for thousands of years to alleviate suffering. The use of plant substances as alternatives to synthetic medicines is resurging due to their beneficial properties and less-toxic side effects. For example, many cancer and HIV sufferers are growing opium for personal use. Opium Poppy Garden is the only book available that describes the cultivation, harvest and pharmacology of opium in a format that combines literary and instructional writing. The heart of the book is the tale of Ch ien, a young Chinese man who travels from Costa Rica to Columbia to grow an opium garden in the manner his Taoist grandfather taught him. The story, in conjunction with The Cultivator s Diary and the technical appendix, provide the reader with a working knowledge of this plant.
