Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Myths can prove magical with many examples. Icons buy into a messianic vision that helps them grow and achieve, with many daring to trek down strange roads where they cope but are astute enough to avoid the also-rans. What do most do? They adopt a mythical message to help them cope like billionaires Ted Turner and Fred Smith did long ago. Both were reared in military academies with heroes like Alexander the Great, Attila the Hun and General George Patton from books they had read. Isadora Duncan and Madonna were of a similar ilk. Be what you are not to be more than you could otherwise be is the message in this work.
