## IN! COLLEGE ADMISSIONS AND BEYOND: THE EXPERTS PROVEN STRATEGY FOR SUCCESS (HARDBACK)

Abbeville Press Inc., U.S., United States, 2011. Hardback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. An award-winning, step-by-step guide to college admissions that helps students through every aspect of the application process and gives them a proven approach to make their application stand out from the rest. Two expert college admissions consultants--a mother-daughter team--share their step-by-step, proven strategy for creating an application that stands out and gets you IN! College admissions has never been more stressful. Not only is admission ruthlessly competitive, with more and more qualified students applying each year, but the application process has become more confusing than ever before. Most parents and students feel anxious, overwhelmed, and confused by the choices and trade-offs. In! is based on the authors 20+ years of experience working privately on boarding, college, and graduate school admissions with students from all over the world. While there is no shortage of college admissions guidebooks on the market, In! offers students and their parents a crucial element that none of the others do: a clear, step-by-step strategy that helps students not only compete academically with other qualified applicants but also develop a defining interest--in incremental, attainable steps--that distinguishes them from their peers and gives them an edge with college admissions officers. This strategy is summed up in a four-word phrase: be alike but spike. This means that the applicant must perform on par with other students applying to similar colleges, while also working to stand out from the pack--like a spike on a graph--in one area. (Ironically, it's often the well-rounded student, an ideal many applicants strive for, who gets rejected.) In! shows students how to create that distinction by identifying and layering...
