WOMBOLOGY: HEALING THE PRIMORDIAL MEMORIES AND WOUNDS YOUR GRANDMOTHER S DAUGHTER GAVE TO YOU (HARDBACK)

iUniverse, United States, 2009. Hardback. Book Condition: New. 231 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.Imagine for a minute that there could be an undeniable connection between the prenatal environment and emotional issues that occur during adulthood. Wombology presents the innovative concept that a pregnant woman s deep emotional state can shape her child s consciousness throughout his or her life span. As a clinical psychologist, Dr. CJ Johnson has studied the fascinating dynamics shared between generations of mothers and children and explores a theory that the hidden influences of the prenatal environment may subconsciously and indefinitely shape the development of temperament, personality, and character of her unborn child. Dr. CJ discusses how a mother s diet can influence a child s favorite food choices, how an unwed mother shunned by society can pass on her negative emotions to her baby, and how birth order makes a difference in how expectations are set for each child. Worksheets, treatments, and techniques are included that will help lead others on a journey to healing the deep wounds received in utero. Now is the time to stop making excuses for not living a full life. Wombology opens the door to a new and exciting theory that will allow generations of mothers and her children to become whole again and soar to the peaks of unimagined personal heights and growth.
