Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Selections From Huxley: Edited He was always fond of reading and used to browse at random in his father s library. When a boy of twelve, his son and biographer writes, he used to light his candle before dawn, pin a blanket around his shoulders, and sit up in bed to read Hutton s Geology. His tastes were scientific but he did not confine his reading to science. He was still a child when he read Sir William Hamilton s Philosophy of the Unconditioned, but his comment on it is not that of a child: It stamped on my mind the strong conviction that on even the most solemn and important of questions, men are apt to take cunning phrases for an swets.
