

An Artist's Guide to Proportions Measurements of the Skeletal System

By MS Marilyn Ines Rodriguez

Createspace, United States, 2014. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Teaching classical figure sculpture since 1996 has given me insight into student's common mistakes and questions. I have heard over and over: Are my proportions correct? Is the head too big? Do the hands look all right? Are the legs too short? These are the questions that compelled me to write this book. I didn't embark to write another typical anatomy book, there are plenty good ones already. This is a GUIDE, a WORKBOOK full of useful information about the human figure, its relative proportions, measurements and many more surprises. The best use for the book is to have it opened next to you as you work on your piece, using it as a quick guide. My main goal was to teach artists in a very clear, easy to understand and concise way the most important Human Relative Proportions and Prominent Bone Landmarks of the human figure This book contains 234 pages and over 200 original illustrations. In order to make the book as condensed and visually friendly as possible, I have limited the technical terms...
