Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. One of the most powerful books on Buddhism ever written. The totality of conscious events of a human life, is shown as the best way to approach understanding of reality and attain enlightenment - Hesse s crafting of Siddhartha s journey shows that understanding is attained not through intellectual methods, nor through immersing oneself in the carnal pleasures of the world and the accompanying pain of samsara. It is the completeness of these experiences that allow Siddhartha to attain understanding. Thus, the individual events are meaningless when considered by themselves-Siddhartha s stay with the Samanas and his immersion in the worlds of love and business do not lead to nirvana, yet they cannot be considered distractions, for every action and event gives Siddhartha experience, which leads to final enlightenment.
