## The Speculative Remark: (One of Hegel's Bons Mots) (Paperback)

By Jean-Luc Nancy

Stanford University Press, United States, 2002. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This work, by one of the most innovative and challenging of contemporary thinkers, pivots on a Remark added by Hegel in 1831 to the second edition of his Science of Logic. As a model of close reading applied both to philosophical texts and the making of philosophical systems, The Speculative Remark played a significant role in transforming the practice of philosophy away from system building to analysis of specific linguistic detail, with meticulous attention to etymological, philological, and rhetorical nuance. Nancy uses his extended examination of the Remark to delineate certain overall strategies in several Hegelian texts that militate for language-oriented readings of Hegel, as shown in Nancy's redefinition of such key terms as Aufhebung, mediation, and speculation. Nancy's reading progresses from speculative words and propositions to registering the speculative itself. While he avoids analyzing Hegel's system as such, Nancy reconstructs the Hegelian trajectory on a basis of tropes, building from propositions rather than structures, elements, and cycles. The overview that emerges in the final chapter and epilogue constitutes a broad statement about Hegel's practice and...

### Reviews

*Complete guide! Its such a great study. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Dr. Hermann Marvin PhD

*A superior quality publication and the font employed was exciting to read through. It is among the most awesome book i have read. I am effortlessly could get a enjoyment of reading a created publication.*

-- Ettie Kutch
