Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% of the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest pdf for ever.

Although the Sumerians continue to get second or even third billing compared to the Babylonians and Assyrians, perhaps because they never built an empire as great as the Assyrians or established a city as enduring and great as Babylon, they were the people who provided the template of civilization that all later Mesopotamians built upon. The Sumerians are credited with being the first people to invent writing, libraries, cities, and schools in Mesopotamia (Ziskind 1972, 34), and many would argue that they were the first people to create and do those things anywhere in world.
