Luisa Stigol received her medical degree in Buenos Aires during the oppressive reign of President Juan Peron when his party dominated Argentina. Ten years later, Stigol relocated her family to Boston where, for thirty years, she was a pediatrician connected with the Harvard Children s Hospital. Follow Stigol s candid descriptions of a doctor s sometimes painful, sometimes joyful encounters with patients and their families, during a career that reflects dramatic changes occurring in medical care. Stigol s personal life intertwines with her challenges as a physician. Paradoxically, a woman who succeeded in a challenging medical career was unaware of the painful reality that she was married to a man consumed by alcohol dependency. That and Stigol s successful battle with cancer lets readers bear witness to the life of a physician whose experiences additionally reflect the transition in a woman s role.
