Pages Number: 236 Publisher: East China Normal University Press Pub. Date :2007-10-1. East China Normal University. Shanghai. the first two High School is experimental. model high. characteristics of the Shanghai science and technology education model schools. the quality of education in schools research and practice unique. Quality education requires schools to train full of innovative spirit and practical ability students. Schools in the process of promoting quality education for students proposed six 100 'of new initiatives. We believe that the scientific experiment is to develop innovative and practical ability of students to an important starting point and effective way. so schools require two High School students. completed not less than 100 within three years of scientific experiments. Two middle school students experiment has always attached importance. the school has a very excellent laboratory facilities and experimental conditions. Since 2002. the school set up nearly 10 Innovation Lab. These laboratory experiments can not only meet the pedagogical requirements. while also trying to contact with high-tech fields. in order to break through the limitations of existing laboratory disciplines. science and technology to meet students' desire to explore. But to make the functioning of the laboratory has been built and used to achieve the best efficiency. not only to further improve the laboratory's equipment. but also to establish and improve the use of laboratory rules and regulations. but also to carry out practical experiments and extra-curricular academic development research experiments. Since 2003. we continue to promote school student experiments. carried out a series of studies. publicity and promotion. Office of Academic Affairs for academic teaching and research school long as the main force. combined with the actual school curriculum requirements. the selection of...
