RISK MANAGEMENT FOR SUSTAINABLE VALUE CHAIN PROMOTION

Condition: New. Publisher/Verlag: AV Akademikerverlag | Balanced and pragmatic consideration of challenges and external conditions with example of the Burmese tea industry | The growing number of people living on Earth, as well as increasing competition worldwide due to globalisation and improvements in information and communication technologies, requires an approach to enable small and medium enterprises (SMEs) in developing and newly developed countries to participate and remain in the market. Value chain promotion is a pro-poor, growth-oriented approach that strives...

Reviews

This book may be worth buying. I have read and i am confident that i am going to planning to go through once more once again in the future. Its been written in an exceptionally easy way and it is simply soon after i finished reading this publication in which actually altered me, modify the way i believe.

-- **Faye Shanahan**

This book will be worth buying. Better then never, though i am quite late in start reading this one. You may like how the blogger compose this publication.
