Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.With the power to tap into the spirit world and summon the power of the elements, Darr finds no joy in his newfound abilities. His power is a curse, bringing destruction, solitude, and worse, death. With his journey to bring balance to the Four Elements back underway, the Spirit Summoner finds himself lost within himself. To make matters more complicated, Darr's fight against the Soul Seekers has been a futile one. The Soul Seekers have returned in force, summoned by the dark mists of the Devoid. The armies of Ictar believe they know how to fight the coming war, but the Soul Seekers and their master have deep-seeded plans. The battle ahead will be fought on two fronts: the armies of Ictar must hold off the advancing Soul Seekers while Darr must find a way to balance the Four Elements. Between Darr's fractured psyche and the Devoid's unexpected ability to reach into the physical world, the odds are stacked against them.
